

Corian®
Partition Systems

Corian® Partition Systems

While partition surfaces must be wear-resistant, they can also add to the aesthetic of a well designed bathroom. With the broad variety of Corian® solid surface partitions, you'll find the exact look that complements your bathroom design.

While high-traffic forms like toilet partitions and benchtops need to be wear-resistant and flexible to shape, they can also deliver style and colour that enhance the aesthetic of the surrounding space.

Superior Style and Durability

DuPont™ Corian® solid surface partitions deliver superior style and durability in a wide variety of colours and textures. They are:

- Virtually seamless, making them easy to clean.
- Durable, resistant to chips, cracks and scratches.
- Expand your creativity in bathroom design with the exciting variety of DuPont™ Corian® solid surface.

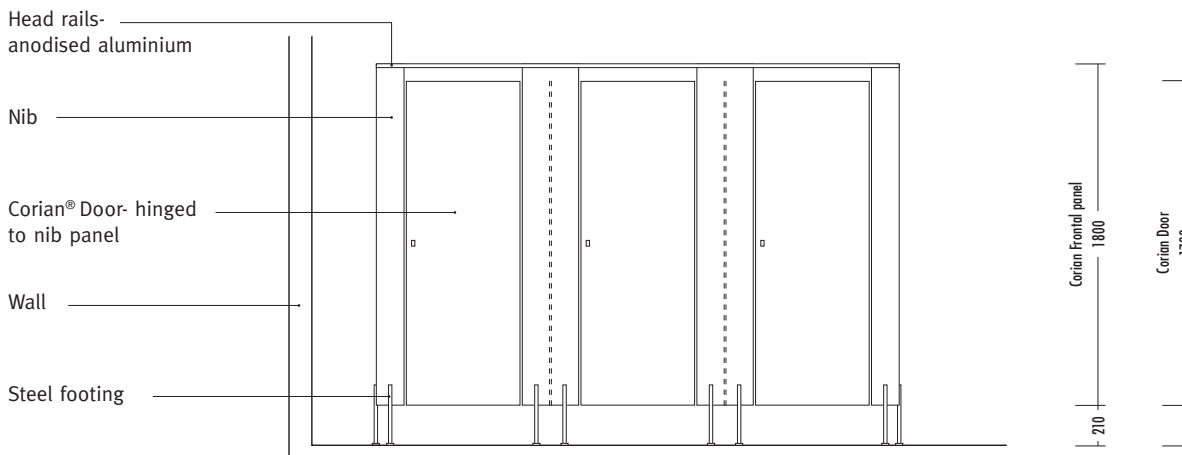

Panels	12mm thickness Corian® sheets
